

# HANDMADE LIGHTING

LA  
LUMINAIRE

cULus  
certified

## What to expect from us

For over a decade, we've crafted a diverse range of lighting solutions, including chandeliers, flush mounts, and wall sconces, for hotels, restaurants, commercial and residential projects. Working closely with our clients, we bring expertise in functionality and design, acting either as design consultants and/or manufacturers. Our flexibility allows us to adapt to the unique needs of each client, ensuring a tailored approach to every project.

We collaborate with experts in glass blowing and precision cutting, utilizing a variety of finishes across different materials to ensure the highest quality in all our products.

## Our Story

Maude Rondeau founded LA Luminaire Authentik in 2015 in her garage. Passionate about lighting and architecture, she identified a gap in the lighting industry: a platform for custom-made lighting creations for both professional and residential projects.

Rooted in slow design, LA offers a versatile color palette, timeless aesthetics, and high-quality craftsmanship.

Committed to sustainability and local production, we collaborate with designers, architects, and individuals to bring their unique visions to life.

# Classic Colours

Durable and eco-friendly in-house powder coating with over 60 colours to choose from. Two seasonal colour sets launching each year.

 WTL	 CRL	 NDM	 NGL	 SUL

# Sustainability

At Luminaire Authentik, our commitment to a sustainable and eco-conscious vision goes beyond mere craftsmanship.

We integrate environmental responsibility into our brand's core, emphasizing our dedication to creating products that illuminate spaces without burdening our planet.

- Aluminum manufacturing with attention to quality & sustainability
- **Eco-friendly packaging initiatives**
- LED technology to use less energy
- Local suppliers within 30 km radius of our factory.
